

**Play is governed by the 2014 USGA Rules of Golf
and where applicable, the following rules:**

- **Red** stakes indicate and define **lateral water hazards**.
- **Yellow** stakes indicate and define **water hazards**.
- **Out of bounds** is defined by white stakes.
- **Stones may be removed from bunkers**.
- The **embedded ball rule** shall be in effect "through the green." A ball embedded in its own pitch mark in the ground in any closely mowed area through the green may be lifted, cleaned, and dropped, without penalty, as near as possible to the spot where it lay but not nearer the hole.
- "**Casual water**" is any temporary accumulation of water on the course, that is visible before or after the player takes his stance, and is not in a water hazard. A ball is in casual water when it lies in or any part of it touches the casual water. If the ball lies in "**casual water**" through the green, the player must lift the ball and drop it without penalty within one club length of and no nearer the hole than the nearest point of relief.
- You get free relief from **mulch beds and flower beds**.
- **Pin System** - We have a new system that will show you where the hole is cut on each green. The ball will be a different color according to whether the cup is cut on the back, middle, or front of the green.
FRONT ➤ RED • MIDDLE ➤ WHITE • BACK ➤ BLUE

- **Environmental Areas** - The golf course includes hazards that are designated environmentally sensitive areas. They are marked by **red** stakes with **green** tips. Entry into or play from these areas is **forbidden**.
